ANNOUNCEMENT OF CHANGE OF BUSINESS
F. O. BOORTZ wishes to announce to the public of Strathmore and district that he has sold the business conducted by him, the Strathmore Meat Market, to Messrs COFFEY & GARDNER. In severing the pleasant business relations which have existed between himself and his customers during the past ten years, he wishes to express his thanks to the public for their patronage, and would ask that this be confirmed to his successors.
F. O. BOORTZ

Utility Board Decision

Town of Strathmore Wins Case From C.P.R. but Loses to A. L. Black.

Judge Carpenter recently heard applications from the Canadian Pacific Railway Company and Mr. A. L. Black, asking for leave to have certain lands taken out of the town, or alternatively to have annual taxation reduced. The C.P.R. case was more important, as it involved four separate parcels of land, on which taxation of \$116.82 was levied last year.

The Judgment Following is the text of the Utility Board's Judgment, given on March 14th.

This is an application by the Canadian Pacific Railway Company for an order separating the following lands from the town of Strathmore. First: A parcel of 74.45 acres lying in the North West Quarter of Section 14, Township 24, Range 25, West of the Fourth Meridian. Second: That part of the North East Quarter of Section 15, in the same Township and Range, lying South of the Railway right-of-way and containing 51.5 acres. Third: That part of the North East Quarter of Section 15, situated lying South of the Railway right-of-way and containing 55.67 acres. Fourth: A parcel of 128.82 acres of the South East Quarter of section 15.

All these lands are unimproved and are used by the Company in connection with its supply farm of demonstration farm located at Strathmore.

No complaint is made as to the assessment on the properties, which are the subject matter of this application. The trouble arises from the tax rate the town has been levying. In 1917 and 1918 this rate was 80 mills. In 1919 it was 100 mills. In 1920 90 mills, and in 1921 and 1922 it was 135.13 mills. As a consequence the taxes on the lands comprised in this application which in all comprises 268.24 acres, amounted in 1921 to \$116.82 or approximately \$150.00 per quarter section. It is at once manifest that these lands in the hands of an ordinary individual in place of a great corporation, the taxation would speedily become confiscatory. The town assessment is confined entirely to land, and in this year amounted to \$127,500, and is less than fixed by the Equalization Board. It is manifest that if an assessment entirely confined to land is held down to a very low amount, farm land that is included within the limits of the town will suffer in comparison with town property proper.

Were this an ordinary case of an individual attempting to farm his land, the Board would not hesitate in granting relief.

ing relief. However, the applicant put the town on the market, and it is still the owner of some 270 ordinary lots of the townsite, in addition to some 21 acre lots. By virtue of its general exemption from taxation, the Company does not pay taxes on a large number of these lots. Actually 222 of these lots are exempted from taxation, and will not be subject thereto until 1925. Under these circumstances when the Company is relieved from taxation to this extent, the Board is prepared granting it relief in regard to its farm land. To become a renewal of this application when the subdivided lands become taxable. For the time being, however, the Board will dismiss the application. There will be no costs to either party.

Board of Utility Commissioners. (Sd) A. A. CARPENTER, Commissioner. The case for the Company was effectively presented by Mr. J. McCall, Barrister, Messrs Linn and Bold, Barristers, Edmonton, handled by the town case on behalf of Mr. T. M. Weirs, Town Solicitor, while Mr. J. P. Butler gave evidence for the town, and his identification of facts and evidence assisted much in the presentation of the town's case.

The Board Decision In the application by Mr. A. L. Black, whose taxes on twelve acres last year were \$76.80, was decided in favor of Mr. Black, an order being given that the land remain within the limits of the town, but not to be subjected to a higher mill rate than 25 mills on the dollar to cover both municipal and school taxes, the land to be assessed as agricultural land. In delivering judgment Judge Carpenter stated in part:

"It cannot be said that these lands derive any benefit from being included within the town limits; on the contrary, it is by reason of this fact subjected to this enormous taxation. Other towns are looking to other sources of revenue besides the tax on land, and it does not seem just, merely because, without any attempt to raise money from other sources, the town experiences difficulty in financing its requirements that applicants such as the present one, should be refused any relief."

"The Board has already dealt with a similar parcel of land in the quarter section immediately to the north of the quarter section in which the applicant's land is situated, and it does not seem any reason for not granting similar relief in this case."

The hearing in the above case was held in Calgary, Mr. Geo. H. Ross appearing for Mr. Black, and Mr. T. M. Weirs for the Town.

Coming Events

U.F.A. MEET SATURDAY
As will be seen from our advertising columns, a special meeting of Strathmore, U.F.A. is called for Saturday of this week to discuss the proposed petition to the C.P.R. re alleged expropriation of lands in the district is invited to be present, whether a member of the U.F.A. or not.

PROHIBITION BATTLE OPENS
Mr. McKinney, ex-M.L.A., will be in the Memorial Hall on Monday evening, March 19th, at 8 p.m., on the subject of the proposed Referendum on the Liquor Act.

The meeting is being held under the auspices of the Strathmore Town People's Society, and as Mr. McKinney is an eloquent and forceful speaker, there should be a large attendance.

The Anglican Women's Guild will hold their annual St. Patrick's Tea and Party Sale on Saturday, March 17th, at 3 p.m. in "Dobblers" store.

Strathmore Women's Institute will meet with Mr. Boortz on March 21st. Mr. Dawson assisting as hostess. An Irish musical programme will be given, also a demonstration of basket making.

Wall Paper, Wall Paper! For latest designs and lowest prices in wall paper see Chase & Co., Strathmore.

Irricana News

Mr. and Mrs. Lekoy Dond have returned from a two-weeks trip to Alberta's "St. Moritz" taking in the Ice Carnival.

Mr. Bruce Hay is in Calgary during the week visiting the dentist.

George Bradford, one of the Irricana old-time ranchers, is visiting Mr. and Mrs. Haring.

Mr. Len Hanning was a business visitor to Calgary during the week. A head-on collision occurred in the middle of the main street in broad daylight between two Ford cars on Saturday. At both drivers are well known prohibitionists, one wonders what else they were looking sideways at. A lady occupant was badly lacerated on the cheek and Dr. Fowler had to be called from Acme to attend the wound.

Mayor McCulloch made a trip to the city on Thursday to interview the secretary of the Irricana Municipality with a view to obtaining the services of a medical practitioner to locate in Irricana. The Mayor reports the matter in question was favorably received and no doubt will result in a doctor locating in town shortly.

DEBATE

Whether the proposed Progressive Irrigation system would be beneficial to Canada or not, was the subject of an interesting debate at the last U.F.A. meeting.

Mrs. John Carpenter opened the debate for the affirmative, and emphasized amongst others, the fact that under the proposed provincial banking system would not necessitate new laws being made, it would, however, prevent the interest and dividends that under the present banking system have Alberta yearly for Eastern Stockholders, from leaving Alberta. The speaker's money might be to our own command, instead of in the hands of the New York or Montreal banks, and in this way, be independent of the money monopoly.

Mr. W. H. Burns, who took the negative side of the debate, pointed out that although at least 25 per cent of the banks are in Alberta, at the present time insolvent, yet the banks were still loaning on practically no security. He also pointed out that though the proposed bank intended loaning money at a lower rate of interest, where was the money coming from to run these banks? and concluded by stating that it was advisable to make sure that the proposed system would be beneficial, before changing from the old methods, which he considered were entirely satisfactory.

The judges, however, were unable to give any definite points, and the debate ended in a tie.

Partners are reminded that on Saturday, the 25th inst., a joint meeting composed of three members of the Live Stock branch, namely: Mr. Hare, of the poultry branch, Mr. Pearson, of the dairy branch, and Mr. Curdrie, of the Live Stock Commission, will be held in the U.F.A. Hall.

It will be to the advantage of every farmer to make every effort possible to be present, to hear these authorities on the various branches of agriculture.

A lunch will be provided at noon by the lady members, who are well known for excellence in catering at such functions as the one in view.

A big turnout is anticipated. A farewell party was given by the Oddfellows on Wednesday night, in honor of Mr. Jack Turner's departure to Portland, Ore. The evening was spent in music and dancing; musical items being supplied by Mrs. and Miss Mary Gale, Mr. James Greer, and the Irricana Jazz Band. Lunch was served at midnight, after which speeches were made by the various members of the lodge, of which Mr. Turner was an attentive and valued member. The Provincial Sanitary Inspector swooped down, unexpectedly of course, and found some unclean places and one found napping and cooking in his place of business. One prosecution and conviction resulted.

Agriculturists Visit Strathmore

Inspect French Silos and Farm

On Monday afternoon a party of between fifty and sixty prominent agriculturists and members of farm papers visited Strathmore at the invitation of Mr. G. H. Hutton, Superintendent of Agriculture and Animal Industry, C.P.R.

The main object of the visit was to inspect the french silos which the company has had in use in connection with the Demonstration Farm for the past year, and these were the first to be inspected, when the party landed. They were conveyed by motor to the silos, which are located at the west end of the town.

Mr. Hutton gave a short description of the results which had been attained by the use of the silos in the production of feed from sunflowers, and stated that they effected a saving of twenty per cent, at least over any other method of winter feeding. The only cost involved in construction was the cost of the silos, which were obtained in Strathmore had been very satisfactory. Following Mr. Hutton's talk a number of questions were asked, and several of the visitors recounted their own experiences with similar silos.

After leaving the silos, the party was conveyed down to the Demonstration Farm, where, an inspection was made of the Holstein herd, one of the finest and largest dairy herds in the Dominion. The state silos and other equipment of the farm were inspected with interest, and a visit was also paid to the poultry department. Before leaving the farm the visitors partook of a sumptuous dinner in the Clubhouse. Printed menus for the visit were distributed and as the menus

themselves were got up artistically, and contained a list of some of the records made by the herd, they were preserved as souvenirs by many of the party.

The arrangements for the convenience and entertainment of the visitors went off without a hitch, and much credit is due to Mr. G. H. Hutton, and to the ladies who served the dinner.

Among the party were the following: R. K. Bohannon, Sibbald; T. M. Carlyle, Calgary; S. G. Carlyle, Edmonton; J. G. Clark, Irwin; Norman Clark, Calgary; G. P. Herbert, Medicine Hat; Mrs. Milton Green, Eds. Edmonton; Mrs. H. Fairfield, Lethbridge; A. L. Fryberger, Gen. L. M. Gatz, Calgary; Miss Jean Grant, Calgary; F. S. Grisdale, Olds; A. R. Groat, Edmonton; John Hanna, Calgary; W. C. Kerr, Calgary; G. P. Herbert, Medicine Hat; Dr. T. Hays, Carstairs; J. J. Impey, Delton; Richard Knapp, Millerville; R. K. Bohannon, N. R. Bohannon, Lethbridge; W. McArthur, Lethbridge; J. C. Smith, Calgary; Angus McDonald, Edmonton; Leonard Nease, Delton; C. S. Noble, Nohford; P. Patterson, Calgary; C. W. Peterson, Calgary; E. L. Richardson, Calgary; A. W. Ross, Lloydminster; Aberdeen, Scotland; C. H. Richardson, Bowden; Prof. J. P. Sackville, Edmonton; Harold Steves, Calgary; C. F. Steele, Lethbridge; W. Norman Smith, Calgary; A. J. M. Terrell, Medicine Hat; J. E. Woodell, Calgary; John Wilson, Innisfail; J. L. Walters, Cote; Ralph Wilson, Calgary; J. Chas. Yale, Carstairs; A. W. Miller, Rockyford; W. R. Clements, Rockyford; C. A. Smith, Rockyford; T. A. Weiss, Rockyford.

Death of Mrs. Bartelen

The news of the death of Mrs. Jacobsa Bartelen, which occurred in the Holy Cross Hospital, Calgary, at midnight last Thursday, was received with much regret and surprise by her many friends. Though Mrs. Bartelen had reached the age of 65 years she was not regarded as being seriously ill, and had only gone into hospital in Calgary on Wednesday.

The funeral service was held in the Sacred Heart Church, Strathmore, at 10 a.m. Monday, by Rev. Fr. Duggan, there being a large congregation to participate in the beautiful ceremonial of the church service. Interment took place in Strathmore Cemetery.

The late Mrs. Bartelen is survived by her husband, Mr. Nicholas Bartelen, and by a family of two sons and two daughters, with all of whom much sympathy is felt in their bereavement.

Mrs. Bartelen is among the old settlers in the Strathmore district, having come here with her husband from Holland in 1905, and they have been successfully farming in the vicinity of Nightingale ever since. Mrs. Bartelen had been troubled with asthma for some time.

M. D. BOW VALLEY MEETING

At last Tuesday's meeting of M.D. Bow Valley, Councillor Baker was elected Reeve and Councillor H. S. B. Chamberlain, Deputy Reeve. All the council members were present. A number of matters were discussed and a full account of same will appear in next issue.

Mrs. J. W. McCulloch is slowly recovering from illness, and is expected to return home shortly.

SUCCESSFUL AGRICULTURAL MEETINGS ARE HELD Well attended and otherwise successful meetings for farmers have been held recently through southern Alberta by Prof. James Murray and M. L. Frenz, district agriculturists.

Mr. Frenz reports that the farmers in the southern districts are gradually creating a more permanent basis of farming through diversification. A keener interest is being shown in dairying also.

Successful "At Home"

Held by High School Literary Society
The parents and friends of the High school pupils were very pleasantly entertained on Friday evening of last week in the High School rooms by the Literary Society.

A large number of guests were present, and all enjoyed the novel entertainment provided, which consisted for the first part of the evening of contests interspersed with musical promades.

After the contests, a literary and musical programme was provided by members of the Society which were of a very high order, and suggested well for the future talent of Strathmore.

The teachers, Miss Dawson and Mr. Whitney, deserve a great deal of credit for the excellent manner in which the pupils conducted the programme of the evening, which was brought to a close with the serving of a dainty lunch of coffee, cake, and ice cream.

Alberta Coal For Ontario

A strong revival of an effort to place Alberta coal on the Ontario market in competition with American anthracite, and to fill the serious shortage of fuel which has been experienced in that province is being made as a consequence of the discussion which has taken place in the federal parliament on this subject.

During the convention of the mining and metallurgical institute of Canada at Montreal, last week, a resolution was passed asking the federal government to appoint a committee of three including a freight expert, a mining engineer and a business executive to report upon the feasibility from all viewpoints of making Alberta coal available to the Ontario market. A delegation of Alberta operators also waited on the Provincial Government on Friday asking that the legislature pass a resolution asking the Dominion Government to make an effort to secure a freight rate on Alberta coal that would put it into successful competition with the foreign product in Ontario. The Edmonton Board of Trade also passed a resolution along these lines.

It is estimated by A. Chord, Supervisor of Freight and Traffic for the Provincial Government, that if a \$6 a ton rate on railroad rate could be provided from mining centres in Alberta to Toronto, this could enter competition successfully with the American product. The present rate is \$12.75 a ton, which makes the price of the product in Ontario prohibitive. American bituminous, a coal very inferior in quality to Alberta coal, is selling in Toronto at \$7 a ton. Anthracite is selling at \$18 a ton. If Alberta coal could be put on the market at Toronto at \$12 a ton, it would compete successfully.

The mines now operating in Alberta have a capacity of more than twice their present output, and on would be quite capable of meeting the increased demand. During the past winter, Alberta coal has successfully supplanted the American product on the Winnipeg market, something for which this province has been struggling for years.

Town Council Meets

The regular meeting of Strathmore Town Council was held in the Town Hall last Tuesday evening, Mayor Bell presiding, and all the Councilors being present.

Town Farm Lot
Several tenders were opened for the rent of the town farm, formerly known as the Bradley Farm. The tender of J. Schulz, \$250 per year for five years, was accepted. The rent is made subject to sale of all or part of the property at any time.

A number of other routine matters were taken up. Next meeting the Council will finally approve of the estimates for the year.

NEW INDUSTRY AT MEDICINE HAT
A new industry for the manufacture of farm implements has been established at Medicine Hat, according to a statement of the secretary of the chamber of commerce of that city.

Local Tidings

OF LOCAL INTEREST
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 17 or 68.

A number of local golf enthusiasts were out on the links last weekend, and found the course in good condition.

Mr. Hugh Berry has just started two rose comb white Wyandotte chickens, bred from a pen that won first prize in Manitoba egg laying contest at Brandon in 1921. The same pen won first place on three different occasions on aggregate number of eggs, the individual hen laying most eggs, and in the most profit over cocker production.

The pen comes from Canals, Manitoba. Hugh is building up a nice strain of poultry.

Under redistribution Strathmore will form part of a new constituency, the probabilities being that East Calgary riding will be split up.

Mr. J. Dwyer left on a visit to the States on Wednesday.

Mr. Dehon, the new manager of the Crown Lumber Company, is now on the job.

Mr. W. S. Patterson is back from a two weeks holiday at the coast.

Mr. Chas. Allan, of the Publicity Dept. of the C.P.R., left this week to arrange exhibits in various cities in the Western United States.

A son was born to Mr. and Mrs. E. McNeil, Bowyer, at Mrs. Hinchliff's Nursing Home on March 8th. Mother and child are both doing well.

The latest addition to the staff of the Union Bank is Miss Watson, stenographer, from the Macleod branch.

Mr. and Mrs. H. Van Buren and son left on Sunday on a visit to the coast.

During the past two weeks there has been a wave of sickness passing over the town and district, apparently in the form of mild flu. A number of local people are still laid up, and the school attendance has been seriously affected.

Dr. Givin, who has been ill for several weeks past, is now making a good recovery.

Mrs. J. H. M. Martin received the sad news of the death of her mother, Mrs. John McKen, who passed away at the home of her daughter, Mrs. Frank Howe, Fredericton, N.B., on March 6th, after a painful illness.

CARD OF THANKS

We wish to thank our many friends for their sympathy and help in our recent bereavement.
14-34 E. BARTELEN and Family

Free Meat Free Meat

Strathmore Meat Market PUBLIC NOTICE

On Saturday, March 17th we again give away one pound of pure pork sausage to every person who purchases one dollar's worth of meat or more. We thank the public for the way they patronized us last Saturday, and to those who were unable to take advantage of our offer can have the opportunity next Saturday. You will appreciate both quality and prices. Our business last Saturday far exceeded our expectations and goes to prove that the public uses good judgment in spending their money.

SOME WORK ON LAND
Reports come from Lacombe and from Taber in Southern Alberta, to the effect that one or two farmers were able to do some clearing on the land during the recent warm weather when the snow practically all disappeared from the open fields.

GROWTH OF EDUCATION IN THE PROVINCE

A feature of the report of the Alberta department of Education for the year 1922 is the substantial evidence it contains of the increased desire among pupils for higher education. John F. Ross, Deputy Minister of Education, in his summary of conditions, emphasizes this feature, and points out that while the number of pupils in grade 8 at June 30, 1921 was 7,625, the number a year later was 9,787, an increase of 2,164. Furthermore at least one third more pupils were enrolled in the higher grades during that year than in the previous year, the figures being 7,569 for 1921 and 10,762 for 1922, an increase of 32 1/2 per cent, taking work above grade 8. Mr. Ross also comments on the fact that whereas three years ago it was difficult to find a one-room school carrying on the work above grade 8, there were last year 286 one-roomed schools carrying on such work. He also points out the more hopeful outlook for teacher supply, saying that 1,069 new teachers will graduate from the normals this coming year.

The number of pupils enrolled in Alberta schools during the term ended June 30, 1922, was 122,962 compared with 124,328 in the previous year. The number of graded schools was 76,691 and ungraded schools numbered 66,211. The average attendance in the graded schools was 76,441 per cent, of enrollment, and in the ungraded schools was 82.27 per cent. The number of girls enrolled in the schools of the province was 20,899 and the number of boys was 72,063.

A total of 3,445 pupils left school at the age of 15, distributed by grades as follows: Grade one 44, grade two 62, grade three 134, grade four 270, grade five 434, grade six 635, grade seven 742, grade eight 1,145, grade nine 253, grade ten 90, grade eleven 21 and grade twelve 1. This shows that the pupils in grade eight, 11.69 per cent, have reached the age of 13 and left school then.

Irricana News

Mrs. W. Freeman has returned from a week-end holiday at Inail.

Mrs. Murdoch Campbell was the victim of a severe spasm to her back, through falling into the cellar at Mr. Jones's ranch. Mrs. Campbell was able to accompany her husband to their farm in Manitoba, although requiring much pain resulting from the fall.

Mr. Ernest C. Cawley, Secretary of the Herbert Spencer School, was a business visitor to the city on Thursday.

Ed. Martin, manager of the W. A. Freeman ranch, was an Irricana visitor on Tuesday.

The numerous friends of Mrs. James Stott will be happy to hear of Mr. Stott's rapid recovery from a recent accident.

Mr. McKee had conducted the services at evening church on Sunday last.

Mr. Thomas who was renter of the former P. W. Fairbank estate during the past year has rented a section farm near Glendon.

During the June weather of the past week several enthusiastic farmers were harrowing and discing the land. Mr. and Mrs. Goshard Nelson were holidaying in Calgary during the week.

A whist drive and dance was held in the Goshard school, Kersey, on Friday, March 2nd, in aid of the School Piano Fund. The weather proved quite a few from turning up, but those that did were well repaid by spending a thoroughly enjoyable evening.

Three bright, particular stars, which away a pleasant evening recently, participating in a quiet game of draw. William was dealing the cards and dealt the Hebrew four kings and a queen, and slipped four aces and a king to the Scotchman. The bet was run rampant for a few minutes when the Scotchman remarked "If I had a queen I would bet one hundred dollars." Promptly the Jew handed him the queen and betting was resumed. After Scotty had raked in the pot, without batting an eye, and the Jew wiped his glasses and the perspiration off his brow, he cautiously asked the Scotchman: "Vat is hold do you vant dat given for?"

Mr. James Taylor, grain buyer for the Jawell Grain Co., was visiting relatives over the week-end.

Blacksmith Jack Fielding was a Calgary visitor on Saturday. Mrs. Fielding may reside in the city in the present to operate a board and rooming house.

Charlie Sing, proprietor of the Irricana Restaurant has been heard from in flowering Hong Kong. Charlie is enjoying the balmy breezes and the society of his family in the flowery kingdom and may not return until December, if at all.

Mr. John Hanson is steadily recovering although his journey to superior medical advice to Messrs. Mayo Brothers at Rochester, N.Y., has not been without benefit.

Jack Frickert and George Reams are expected to return from the coast about the middle of the month.

Orval and Carl Forester are busily engaged cutting and packing ice for the merchants and private individuals. The Forester boys are hard and honest workers and well deserve the patronage of any one in need of their services.

The dance and supper instituted by the skating rink committee was not as successfully patronized as it should have been. This is mainly due to a few disgruntled cases whom we are unfortunate enough to have in town. The sporting element of the boys who inaugurate these delightful functions should be generously supported instead of being knocked, and the hope is expressed when the next entertainment of a like nature is announced a much larger gathering will swell the dance hall and help finance a true sporting element of enjoyable and innocent frolics.

BIBLE THOUGHT—FOR TODAY

A MORNING PRAYER.—Create in me a clean heart, O God; and a right spirit within me.—Psalm 51:10.

MARCH 14
RESTORE THE ERRING.—Brethren if a man be overtaken in a fault, ye which are spiritual, restore such a one, in the spirit of meekness; considering thyself, lest thou also be tempted.—Galatians 6:1.

MARCH 15
PROCLAMATION OF PEACE.—Glory be to God in the highest, and on earth peace, good will toward men.—Luke 2:14.

MARCH 16
A SUN AND SHIELD.—The Lord God is a sun and shield; the Lord will give grace and glory; no good thing will be withheld from them that walk uprightly.—Psalm 84:11.

MARCH 17
INEXPRRESSIBLE PEACE.—The peace of God, which passeth all understanding, shall keep your hearts and minds, through Jesus Christ.—Phil. 4:7.

MARCH 18
FEAR DESTROYED.—Fear thou not for I am with thee; be not dismayed; for I am thy God; I will strengthen thee; yea, I will help thee; yea, I will uphold thee with the right hand of my righteousness.—Isaiah 41:10.

MARCH 19
MERCY ASSURED.—He that covereth his sins shall not prosper; but whose confession and forsaking shall have mercy.—Proverbs 28:13.

MARCH 20
THE ONE THING I DO.—For getting those things which are behind and reaching forth unto those things which are before, I press toward the mark for the prize of the high call of God in Christ Jesus.—Philippians 13, 14.

FEEDERS' DAY AT UNIVERSITY

The second annual feeders' day held by the Animal Husbandry Department of the University at Edmonton, will be held on Saturday, April 14, when the results of feeding experiments during the past six months will be given.

Rockyford Locals

Rockyford Masonic Lodge has made arrangements with Mr. F. W. Lent to come to Rockyford on March 15 and deliver his famous lecture on "Astronomy." Mr. Lent is one of the leading amateur astronomers in Western Canada, and his lecture is full of interest and profusely illustrated with lantern slides. The lecture is open to the public.

Messrs. Joe and John Stitt have arrived back in Rockyford from Fort Ross, British Columbia, where they have spent most of the winter. Their sister is in Portland, having been ill for a considerable time.

Mr. A. H. Erwin, our local druggist, was operated on for appendicitis at Edmonton recently, and returned home Thursday, much improved in health as a result of the operation.

Our readers will regret to hear that Dr. Tiffin's illness has necessitated his removal to Calgary, where he was taken on the evening train on Friday. It is to be hoped that his recovery will be speedy and complete.

The Rockyford Local U.F.A. met on Saturday, March 10th. Among other business transacted, a resolution dealing with C.P.R. land reduction, was put forth at the U.F.A. convention in Calgary, was held over for further consideration until the next regular meeting on April 14th when it is hoped that a larger turnout of members will be present to discuss this very important matter.

Arrangements are being made to hold a farmer's institute meeting on March 28th, at 2 p.m., when we will have the pleasure of hearing a speaker from the Department of Agriculture. The speaker and his subject will be announced later.

The offer of W. Carpenter to supply formaldehyde at 32c per pound was accepted by the meeting. Farmers are to furnish their own containers at this price.

The U.F.W.A. will hold a re-convened meeting in the basement of the Union Church, Rockyford, on March 22nd. Mrs. P. E. Wyman, of Hainey, will address the meeting at which a large attendance is expected.

Mrs. McGuire, of Crofton, and Mr. Mrs. A. W. Miller, is visiting at the home of her niece.

The Ladies Aid Society of the Tudor Church, held a meeting at the home of Miss McGee. The meeting was well attended, and besides the usual routine business, a large amount of "quilting" was done. At the conclusion of the business period a dainty luncheon was served by the hostesses, and a very pleasant social hour was enjoyed.

A sermon was preached in Rockyford last Sunday. The subject of which was "Our Allies." The preacher, in dealing with this subject was pointing out the assistance rendered us by God in His Providence and the nature for the existence of Animal Life. While, of course, the help of nature cannot be estimated in dollars and cents and besides Mr. Garven had no intention of referring to material wealth, except to point out our dependence in God as our ally. He referred to the finding of a certain scientist, of whom some of us had already read, who said that man only furnished about 4 per cent. of the energy to produce a bushel of wheat. The idea flashed across the writer's mind that if man only furnished even 5 per cent. of the energy, we got 55 per cent. free. At a conservative estimate it costs at least 75c to produce a bushel of wheat. If 70c represents a per cent. of the cost in dollars and cents the other 55 per cent. represents \$12.30, making a total cost of \$14.00 per bushel.

This may seem a little far fetched, or even ridiculous, but if it was fair to estimate the percentage man contributes to the raising of wheat, why not bring it to dollars and cents which will perhaps help some reader to grasp his dependence in the things which are so often only a matter of thought, or even more remote to us than second place.

While, as was stated above, this may seem ridiculous, it is something which sometimes start us thinking, and if we are to profit by what we hear we will have to do a little thinking.

Messrs. Miller & Clemen, accompanied by Mrs. Miller, journeyed to Strathmore on Monday to attend a C.P.R. meeting held in conjunction with the U.F.A.

Mr. Frank Hooty Curry, visited Rockyford over the week end and from all reports had a very pleasant time. On going to an epidemic of measles the school is still closed. Among the latest to contract the disease are the little daughter of J. B. McGuire, May Dill and Emily Post. We are proud to report that Miss Walsh, a popular teacher has recovered from her attack and is able to be around again.

The talk is drifting around to base ball and the annual meeting will be called very shortly. The Intermediate champions of Alberta will in probability be intact, and the prospects for another successful season are excellent. It is undecided at present if the boys will defend their present trophy, or step out after the senior title, however, one thing is assured and that is the "Breezy Cup." This cup is Mr. Clifford Clemen's left his place of residence on Sunday night to visit his friend and to date has not been seen or heard of. However, his relatives and friends are hoping for the best.

put up for competition among all amateur teams in Alberta, and among the lines of curling cup in which the holders have to defend same on their own grounds at least every ten days. The impression is that if Rockyford lifts the cup it will take a mighty good shot to take it away from them on their own domain.

The Rosedale Dramatic Society paid Rockyford a visit last Tuesday, and on their play "The Village Doctor." The various scenes handled their different parts exceedingly well and Howard Hymas in his role, "Cousin Back, Old Pat" was one of the best of the evening.

Mr. Chas. Bruegerman was taken to Calgary on March 7th, suffering with double pneumonia, and after a hard day on Thursday is reported to be getting a little better.

"Let it be," Knight is thinking seriously of challenging for the snooker championship. He is spending a lot of time and little cash, in improving his play. He is looking for a good partner so he can challenge any other player in town.

LIQUOR EXPORT HOUSES

CLOSE MARCH 15

Prohibition of export of liquor from Alberta will be in effect after March 15, since the order-in-council closing export warehouses in this province was passed at Ottawa, following request from the Alberta Government. The proclamation is based on the act passed last session by the Ottawa house.

ETHEL CLAYTON WEARS

FINE GOWNS IN "BEYOND"

Beautiful Ethel Clayton, Paramount star, wears many stunning gowns in "Beyond," her latest starring vehicle, which comes to the Memorial Hall, next Wednesday. Many of these were made especially for her use in this superb William B. Taylor production, the story of which was written by Henry Arthur Jones, a celebrated playwright. Miss Clayton is seen as the wife of a man of wealth who later is shipwrecked in the South Seas and has many thrilling adventures. The brilliant interior scenes and the beautiful wealth afford her ample opportunities for effective sartorial display and that Ethel Clayton has amply taken advantage of them, every woman spectator will agree.

Slats' Diary

Friday—The boys with pa believe to must have a lot of nice men in it. I was. I of them was here at one house, and he was to me and me all about how was I a getting, in school and baseball and skunk and eat, and when he left he told me and get in my presence that I was a better young man. And I left him even if I now he was a living in me all the time. But I am only a young man.

Saturday—I got called down for a mother miss take he made on the news paper today. They were testing down a old house up town and the editor went and rate a big piece, about it. Then they is a young man not married this wk. & he wrote a story on that. And then he had to set up the headlines for the paper. And when the paper came out on pa had put over the wedding page the headline which said OLD LANDMARK GONE.

Sunday—The other day the teacher told us in school that he had produced anger with means to go and get into in other words. And I didn't know just what she meant, but today when we were out driving in the 2 handed Ford I saw what she meant when pa accidentally told of a hot spark plus. I cut off by the way he spoke.

Monday—I got a letter from my nephew which is going to college to study sum thing and he said he was playing 1st base now. & Pa and me has spent the Rest of the day trying to get out of weather he is in the oratory or the ball team we dont no which.

Tuesday—Harvey Bickett will live in the vacant house across the creek calls his wife Dynamis & when pa said him why does he call her that kind of a name he replied and said. Because she always changes Everything.

Wednesday—Blissie fell off of the late end of a ottomobell today and scratched up his face and his hands and feet. If I was him I would be glad to do that because nearly all of my ancestors died from St. Vitus.

And then he ketches a kicking when he got home on top of all that. Thursday—Ma says why don't I try and talk like the Latin teacher at School. She uses such good English and says. I should say. She uses such good language that no I can tell what she is talking of.

NOTICE TO FARMERS

A special meeting of

Strathmore U.F.A. is called for Saturday, March 17, at 2:30 p.m. prompt, to consider petitioning the Canadian Pacific Railway Co. for redress of grievances are outlined in resolution received from delegates from East Calgary District at U.F.A. Convention.

Everyone interested is invited to attend.

DAN FRASER
144-3-u President

BAINTREE NOTES

A well attended meeting of the U.F.A. and U.F.W.A. was held in the Schoolhouse Friday evening. The most important business of the evening was the discussion of the Petition asking relief from the C.P.R.

Nearly all present voiced their opinion on the matter, and it was agreed to support the matter to the utmost in many of the farmers (not that the present situation is becoming unbearable. A donation to the central office of the U.F.A. to help them in their financial difficulties, was made.

After the U.F.A. meeting had adjourned everyone present, including a large number of guests, paid a visit to the home of Mr. and Mrs. Troth, when a most enjoyable time was had. Dancing and games were enjoyed until five in the morning. A feature of the evening was the dancing of a number of square dances by Mr. and Mrs. Hopkins. We don't know the area of Mrs. Hopkins, and wouldn't tell if we did, but Mr. Hopkins admits having seen 75 summers, and it was certainly a pleasure to see them dance so well.

Mr. Bob McKenzie was in Calgary for a few days this week. We forgot to ask him what he was doing, so can't give you any information.

Miss Mae Longbottom is entertaining her friend, Catherine Strong, from Calgary this week end.

Mr. J. J. Blake entertained a number of friends to a turkey supper on Thursday evening. A number of business were also present.

Mr. Lee Raymond shipped a carload of effects to his new home in the Rocky Mountain House district last Wednesday.

The Rev. John Garden held his usual service in the school house on Wednesday evening.

Seven women was a visitor to his farm from Calgary last week.

A special meeting of the U.F.A. will be held on Saturday to discuss the installation of a powerful radio receiving set, and it is hoped a large number of the members will turn out.

Scottish minister tone of his flock, suffering from the effects of the flowing bowl. "Do you know where drunkards go, John?" "Sure, they go nowhere but to jail, and that's the best," was the reply.

ARDENODE NOTES

Last Monday afternoon the U.F.W.A. Local and members of Nightingale U.F.A. met with Mrs. A. J. McKenzie, of Nightingale. It was the last meeting with her before she leaves for her new home in California.

On behalf of the Local she was presented with a beautiful silver fruit basket as a little token of appreciation by the president, Mrs. J. Horrocks. Mrs. Horrocks gave a nice paper in which she chose some very appropriate remarks. She spoke of some of the good work among young people of her Sunday school, and of the interest Mrs. McKenzie always has taken in children, and that the Local and community would be a great help, which would be a gain elsewhere, as Mrs. McKenzie is a woman always ready to give a hand where ever she is needed.

After a delicious lunch was served, Mrs. J. Whitcomb, singing as before, of which she is very capable, all of the members present wished Mrs. McKenzie, a safe journey and much success.

On account of illness Mr. Herald Horrocks was not able to start to school on Monday. It is hoped by his school mates that he is soon able to start as the school is not considered complete without him.

The sale on the farm of Mr. A. Bush was quite a success, considering the day. The next U.F.W.A. meeting will be at the home of Mrs. C. O. Dawson on Wednesday, March 21st.

CHEADLE NOTES

Miss Helen Miller spent the week end at home from Calgary.

Mr. R. H. Wade, our new stockbroker, is at home settled down and doing business.

Mrs. Wade spent a few days in Calgary on business this past week. There was a big surprise party at the home of Mr. and Mrs. Craig last Friday, when about sixty of their friends and neighbors came in. Dancing and cards was the rule of the hour, which lasted till the wee small hours.

The young folks gave a dance in the Ladies Club Hall on Friday, which was well attended.

The Ladies Club are giving a dance and card party in their hall on the 10th of March. Everybody welcome. Mr. Frank Shone has his small home place moved to his place. The post office has been moved back to Mr. Kirtom's house across in Brooklyn.
